

## Building for the Future:

### A Construction & Demolition Waste Reuse and Recycling Training

USGBC Education Provider Program

NERC's Spring '11 Training

Tuesday, April 19  
Northampton, Massachusetts

#### Agenda

- 9:00 Registration & Beverages
- 9:15 Welcome & Introduction ~ Sarah Kite, Rhode Island Resource Recovery Corporation; President, NERC Board of Directors
- 9:30 Steps to Successful Reuse and Recycling of C&D Materials at New Construction, Renovations, and Demolition Jobsites
- 12:00 Lunch (provided) - Wiggins Dining Room
- 1:00 Developing and Implementing a Waste Management Plan that Incorporates Reuse and Recycling
- 4:30 Adjourn

#### Trainers

**Joe Libau Jr.** is the Interim Executive Director of WasteCap Resource Solutions. He has been with WasteCap for the past three years and focuses on providing waste reduction and recycling services to large construction projects. Mr. Libau previously worked on local government solid and hazardous waste issues. His environmental work includes domestic and international experience.

**Jim Birmingham**, WasteCap's Strategic Development Manager, has more than 30 years experience in the waste reduction and recycling industry. He has provided recycling training programs on paper, cardboard, plastic, metals, and construction and demolition materials. Jim currently serves on WasteCap's Board of Directors.

#### Who Should Attend

- Contractors - New Construction, Renovations, and Demolition
- Construction Site Managers
- Architects
- Engineers
- Haulers
- Building Inspectors
- Consultants
- Anyone interested in maximizing usage of new, reusable, and recyclable building materials

#### Attendees Will . . .

- Learn why waste reduction, reuse, and recycling are important and growing in the C&D industry.
- Receive sample contract language requiring reuse and recycling.
- Learn how to estimate how much waste, reusables, and recyclables will be generated.
- Complete a sample construction waste management plan.
- Analyze hauling proposals based on projected quantities of trash and recyclables.
- Learn how to educate crews for best compliance and efficiency.
- Receive tools for conducting on-site monitoring of reuse and recycling.
- Learn how to document recycling results for LEED and other projects.
- Conduct an analysis of volume, weight, and cost of a sample recycling program.
- Receive sample sign templates.
- Receive the **Construction and Demolition Waste Management Toolkit**.
- **Be Eligible to Qualify for 7.5 CEUs for LEED AP's.**

#### Training Sponsors

## Location & Lodging

NERC's Spring '11 Training will take place at the [Hotel Northampton](#) in Northampton, Massachusetts. Rooms are available at the hotel by calling 800 547-3529. The discounted rates of \$135 for a single and \$145 for a double (plus tax) are available until April 5. When making your reservation, refer to NERC to ensure that you receive the discounted rates. Reservations *cannot be made online*. Reservations must be cancelled by noon one week before arrival to avoid charges.

## NERC

The Northeast Recycling Council, a non-profit organization, draws on more than two decades of professional service to promote a sustainable environment and economy. NERC accomplishes this by addressing the relationship of source reduction, reuse, recycling, and green purchasing to influence policy and create change.

NERC's Board is made up of environmental and economic development agencies from Connecticut, Delaware, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, and Vermont. Advisory Members include recycling trade associations, utilities, private businesses, consultants, and state recycling organizations.

## Registration Information & Mail-In Registration Form

**NERC Members (Board or Advisory Members): \$285**

**Non-Members: \$385**

**Cancellations received by April 12, 2011, are subject to a \$25 administrative fee.  
Absolutely no refunds will be given for cancellations made after April 12, 2011.**
