STATE OF PENNSYLVANIA RECYCLING RESOURCES

Recycling Services and Resources

- Educational Materials
- Technical Assistance
- Free energy efficiency and waste minimization site visits for businesses, schools, and municipal offices
- Municipal Recycling Grants
- Free Recycling Bins for Schools (annual program)

Available Pennsylvania Department of Environmental Protection (PADEP) Grants

- **Composting Infrastructure Development Grant** - Reimburse for-profit business entities (whether established or start-up) and non-profit organizations located and operating in Pennsylvania that use organic materials limited to yard waste and food waste feedstock collected in Pennsylvania. The grant aims to increase the volume of organic materials being diverted and composted and assist businesses to increase their use of organic materials.
- **Recycling Markets Infrastructure Development Grant** - Provide reimbursement for equipment costs associated with increasing the use of recycled content in products by for-profit business entities (whether established or start-up) and non-profit organizations located and operating in Pennsylvania.
- **Small Business Advantage Grant Program** - To provide assistance to small business to incorporate energy efficient and pollution preventative equipment or processes to increase business competitiveness while simultaneously improving the environment of PA residents. Program is closed for further applications as of September 4, 2007.
- **Small Business Pollution Prevention Assistance Account (PPAA) Loan Program** - To provide low interest loans to small PA businesses undertaking projects in the Commonwealth that reduce waste, pollution or energy use. Loans will be used to fund 75 percent of the total eligible project cost, up to a maximum of \$100,000.
- **Recycling Performance Grants** - Reward municipalities, counties and authorities for residential, commercial, institutional and municipal establishment recycling based on tons of eligible materials recycled annually and the applicant's recycling rate.

More detailed information on available grants can be found on the [PADEP Web site](#).
